### VISION

The vision of the Southern Nevada Community Arts Team is to create and implement a comprehensive arts education for every child. We are committed to providing access to engaging diverse arts learning experiences that inspire, enrich, and transform the lives of young people.

### GOALS FOR ARTS EDUCATION

- Goal 1: To provide access to engaging diverse arts experiences for all students K-8.
- Goal 2: All K-5 students will participate in ongoing, sequential arts learning, and all 6-8 students will have access to ongoing, sequential arts learning.
- Goal 3: The Southern Nevada community will create and sustain a broad-based system to implement a comprehensive arts education for every K-8 student.

### OUTCOMES

Resuming in person arts experiences in schools with performing artists and teaching artists was amazing. Having students go on field trips to museums and to see live theater performances was delightful. For some students, they missed out on 2 or possibly three years of experiences due to COVID.
