

# Any Given Child - Community Survey about Arts Education for Children

## Help determine the future of arts education for the Portland tri - county region.

The community is gathering, with support from the John F. Kennedy Center for the Performing Arts, to assess and make plans to ensure that any given child has the arts as part of their education. Data from community surveys, school surveys and public input will be used to create a customized long-range plan for comprehensive arts education that is equitable and sustainable in our local communities.

Note: For the purposes of this survey, **arts education is defined as modes of learning based upon a variety of art forms, including dance, music, performing, and visual arts.**
